

Meet Your Board Members: **FRANK KLEIN, Treasurer**

Born in Burlington, Wisconsin to Anthony Nicholas Klein (3rd generation German heritage) and Arlyne Klein (nee Fuller), and 13th generation English heritage. Ancestor (Edward Fuller) arrived on the Mayflower. That makes me the 14th generation. I have the complete ancestor chart to Edward Fuller. I have visited the dock in Plymouth, England where the Pilgrims departed and the Landing site of Plymouth Rock in Cape Cod.

I attended St. Mary's elementary and high school in Burlington. I graduated from Marquette University with a Bachelor's degree in electrical engineering. I continued my education at University of Wisconsin-Milwaukee and UW-Parkside.

I married Marnie Klein (nee Ingalls) in Rutherford, NJ (her hometown). We met at Marquette University. We have three children, seven grandchildren and one great grandchild.

I interned at American Motors (Formerly Nash), later the Chrysler plant in Kenosha. I was in the Army reserves and had basic training at Fort Leonard Wood in Missouri. I was employed at the Dynamic Division of Eaton/Cutler Hammer Corporation for 37 years as a research engineer with five patents. I was also involved in many major projects that took me to Spain, Japan, Venezuela, Australia, France and England. After an early retirement (due to local plant relocation), I started my own technical consulting and sales business in industrial electrical equipment. I retired from that after an enjoyable 4 years with my wife, Marnie, as my office manager.

I have been on several condo association boards for many years, volunteered as an AARP income tax counselor for 15 years, assist in technical (computer) training to a retired group (Adventures in Life-Long Learning), and I have been an avid sailor for over 50 years, including many racing events. Currently, I volunteer at the East Troy Electric Railroad and Museum as a docent and conductor on the historic trains.
