

KENOSHA COUNTY GENEALOGY SOCIETY

where we gather together to trace our lineage

Caron loves history, biography, puzzles and a good mystery, which makes her perfectly suited to genealogy research! She has been researching her family history since a 6th grade school project got her interested. Caron's only vice is genealogy so she has subscriptions to many resources including Ancestry.com, Genealogybank.com, NEHGS, Fold3.com, and Godfrey Memorial Library. She belongs to several local and regional genealogy groups and is also a member of the Genealogical Speakers Guild and a Professional Member of the Association of Professional Genealogists. When not working at her day job, researching her own family tree or making genealogy presentations, Caron may be researching for others or writing for her blogs!

Caron Brennan

Genealogical Speaker will present

FamilySearch.org Primer

an overview of the free FamilySearch.org web site to see what it has to offer genealogy researchers. Will include a review of the research opportunities as well as the newer areas for sharing family trees and pictures. We will also look at the genealogy programs that have been certified to share/interact with FamilySearch.

The Kenosha County Genealogy Society is happy to grow our membership. We would love to have you as one of our members. If you are interested in researching your heritage, please join us:
